EXAMINER'S AMENDMENT

In the previous Office Action (Notice of Allowance mailed on 5/12/2006) a typographical error occurred in the Examiner's Amendment regarding the term (CCP). This supplemental Notice of Allowance is being issue to correct the typographical error in the title.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David R. Fairbain on 10 May 2006.

In the Specification:

Replace the title of invention with: -- A METHOD OF MAKING A CURRENT-PERPENDICULAR-TO-THE-PLANE (CPP) MAGNETORESISTIVE (MR) SENSOR --.

In the claims:

Claims 1-9 have been cancelled.

Reasons for Allowance:

The following is an examiner's statement of reasons for allowance: the prior does not teach all of the limitations of the claimed invention including:

- forming a nanoconstriction precursor in the layer of high resistivity material,

- and applying a punch current to form a conductive nanoconstriction through the layer of high resistivity material at the nanoconstriction precursor.

The closest Prior art reference to the above feature is directed to Aoshima et al (US 6,249,407).

Aoshima et al teaches forming a giant magnetoresistive (GMR) stack including a layer of high resistivity material. However, nowhere does Aoshima et al teach forming a nanoconstriction precursor in the layer of high resistivity material, and applying a punch current to form a conductive nanoconstriction through the layer of high resistivity material at the nanoconstriction precursor. Accordingly, claims 10-31 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tai Van Nguyen whose telephone number is 571-272-4567. The examiner can normally be reached on M-F (7:30 A.M - 4:30 P.M).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
